Carlos Villaseñor Quintero

Full-Stack Developer

👤 Profile

I'm a Full Stack Developer excels in Javascript and PHP, employing tools like HTML, CSS, jQuery, and Ajax, along with SQL expertise. Competent in React and CodeIgniter frameworks. With a knack for crafting dynamic interfaces and handling databases, I'm a versatile professional who merges creativity with technical prowess.

💼 Work experience

Full Stack Developer

Corporativo Cruz Azul, Morelia Michoacán

2022 – Present

-Actually I work on the multiple software projects simultaneously and participated in the whole software development process from design to implementation. Using PHP, Javascript, HTML and CSS in the framework CodeIgniter.

-Developed new software functionalities, ensuring that requirements were met.

-Proficient in designing and executing database queries, data retrieval, and analysis using SQL. Competent in database management and data manipulation to extract meaningful insights.
